Version 1.8
Procurement Transaction

In accordance with Sections 207b and 2024-a(4) of the Public Authorities Law, please provide the following information on each procurement contract that was active (open) at any time during the reporting period:

Columns whose names contain "" are required and must have values for each record to be loaded. Do not enter blank lines, as a blank line (as well as no information) will be regarded as the end of the file. The worksheet must be saved in type "text" in order to be uploaded to PARS. Select "Save As" from the "File" menu above and select "CSV (comma delimited)" as the file type. Note: Most cells have some level of validation, however, validation in Excel only functions when you actively type data in the cell. It is recommended that you selectively check validation in rows that you have copied data into.

Authority's Procurement Officer: *Christine Lo Curto, Vice President of Finance*
