8. The governor may remove any member for inefficiency, neglect of duty or misconduct in office after giving him a copy of the charges against him and an opportunity to be heard, in person or by counsel in his defense, upon not less than ten days' notice. If any member shall be so removed, the governor shall file in the office of the department of state a complete statement of charges made against such member, and his findings thereon, together with a complete record of the proceedings.

9. The authority shall continue so long as it shall have bonds or other obligations outstanding and until its existence shall be terminated by law. Upon the termination of the existence of the authority, all its rights and properties shall pass to and be vested in the state.

10. Each of the counties that elect to become participating members of the transportation district may do so by resolution adopted by a majority of the membership of its governing body and such election by a county shall take effect upon the filing of a duly certified copy of

The purposes of the authority shall be the continuance, further development and improvement of transportation and other services related thereto within the transportation district, by railroad, omnibus, marine and air, in accordance with the provisions of this title.

2. It is hereby found and declared that such purposes are in all respects for the benefit of the people of the state of New York and the authority shall be regarded as performing an essential governmental function in carrying out its purposes and in exercising the powers granted by this title.
§ 1330. Formulation, filing and adoption of action plan; amendments. The authority shall formulate an action plan for transportation within the district. In formulating such plan, the authority shall consult and cooperate with the commissioner and the planning authorities in the area of its operations, and shall utilize state, local or regional transportation planning. The authority shall request and use existing studies, plans, surveys, data and other materials completed by or under development by any state agency or municipality. The authority shall file copies of such plan with the commissioner, the central New York regional planning and development board, the common council of the city of Syracuse, the county legislature of the county of Onondaga, and with the legislative body of any other county, within the district, affected by such plan, as hereinafter stated. The plan shall contain information regarding the transportation system that the authority intends to provide including information regarding the facilities connected therewith, the services the authority contemplates providing and the estimated costs and the proposed method of financing. During sixty days after the filing of the action plan with the commissioner, the central New York regional planning and development board and with the legislative body or bodies as aforesaid, said plan shall be available for public inspection at the office or offices of the authority and at such other places in the areas affected, within the district, as the authority may designate. The authority shall request approval of the action plan, including such amendments as the authority may propose, from the commissioner and the aforementioned legislative body or bodies. Any part of said plan which is disapproved by a political subdivision because it alters existing services or the financing thereof within said political subdivision shall not become operative. The commissioner may disapprove any part of said plan if he finds that it conflicts with a state-wide comprehensive master plan for transportation or the Syracuse metropolitan transportation study and the Oswego-Fulton area transportation study or, in the absence of such plans, would have an adverse effect upon sound transportation development policy and planning. Any part of such plan so disapproved by the commissioner shall not become operative. Disapproval of part or parts of the plan shall not make the entire plan inoperable. If the said legislative body or bodies fail to act within sixty days or in the case of the commissioner within ninety days after approval is requested, said failure shall be deemed approval, and the authority may adopt the action plan by a majority vote of its membership and may include changes, if any, recommended by the commissioner, said planning board or legislative body or bodies.

The action plan may be amended from time to time in the same manner using the procedures outlined herein for the original adoption, except
that a proposed amendment which is recommended by the legislative body or bodies affected thereby and approval by the commissioner may be embodied or continued by a majority vote of the authority without additional hearings thereon as required for the amendments proposed to be made.

4. The authority may establish and, in the case of joint service
arrangements, join with others in the establishment of such schedules
and standards of operations and such other rules and regulations
including but not limited to rules and regulations governing the conduct
and safety of the public as it may deem necessary, convenient or
desirable for the use and operation of any transportation facility and
related services operated by the authority or under contract, lease or
other arrangement, including joint service arrangements, with the
authority. Such rules and regulations governing the conduct and safety
of the public shall be filed with the department of state in the manner
provided by section one hundred two of the executive law. In the case of
any conflict between any such rule or regulation of the authority
governing the conduct or safety of the public and any local law,
ordinance, rule or regulation, such rule or regulation of the authority
shall prevail. Violation of any such rule or regulation of the authority
governing the conduct or the safety of the public in or upon any
facility of the authority shall constitute an offense and shall be
punishable by fine not exceeding fifty dollars or imprisonment for not
more than thirty days or both.

5. The authority may acquire, hold, own, lease, establish, construct,
effectuate, operate, maintain, renovate, improve, extend or repair any
of its facilities through, and cause any one or more of its powers,
duties, functions or activities to be exercised or performed by, one or
more wholly owned subsidiary corporations of the authority and may
transfer to or from any such corporation any moneys, real property or
other property for any of the purposes of this title. The directors or
members of each such subsidiary corporation shall be the same persons
holding the offices of members of the authority. Each such subsidiary
corporation and any of its property, functions and activities shall have
all of the privileges, immunities, tax exemptions and other exemptions
of the authority and of the authority's property, functions and
activities. Each such subsidiary corporation shall be subject to the
restrictions and limitations to which the authority may be subject.
Each such subsidiary corporation shall be subject to suit in accordance
with section thirteen hundred forty-one of this title. The employees of
any such subsidiary corporation, except those who are also employees of
the authority, shall not be deemed employees of the authority.

If the authority shall determine that one or more of its subsidiary
corporations should be in the form of a public benefit corporation, it
shall create each such public benefit corporation by executing and
filling with the secretary of state a certificate of incorporation, which
may be amended from time to time by filing, which shall set forth the
name of such public benefit subsidiary corporation, its duration, the
location of its principal office, and any or all of the purposes of
acquiring, owning, leasing, establishing, constructing, effectuating,
operating, maintaining, renovating, improving, extending or repairing
one or more facilities of the authority. Each such public benefit
subsidiary corporation shall be a body politic and corporate and shall have all those powers vested in the authority by the provisions of this title which the authority shall determine to include in its certificate of incorporation except the power to contract indebtedness.

Whenever any state, political subdivision, municipality, commission, agency, officer, department, board, division or person is authorized and empowered for any of the purposes of this title to cooperate and enter into agreements with the authority such state, political subdivision, municipality, commission, agency, officer, department, board, division or person shall have the same authorization and power for any of such purposes to cooperate and enter into agreements with a subsidiary corporation of the authority.

6. The authority, in its own name or in the name of the state, may apply for and receive and accept grants of property, money, services and other assistance offered or made available to it by any person, government or agency whatever, which it may use to meet capital or operating expenses and for any other use within the scope of its powers, and to negotiate for the same upon such terms and conditions as the authority may determine to be necessary, convenient or desirable. In no event, however, shall the authority submit to the United States or to the state of New York, or any agency or instrumentality of them, an application for a federal or state project unless the application shall have been first approved by the commissioner as being part of or consistent with such statewide plan, regional plan or transportation development policy and planning concept.

7. The authority may do all things it deems necessary, convenient or desirable to manage, control and direct the maintenance and operation of transportation facilities, equipment or real property operated by or under contract, lease or other arrangement with the authority. Except as hereinafter specially provided, no municipality or political subdivision, including but not limited to a county, city, village, town or school or other district shall have jurisdiction over any facilities of the authority or any of its activities or operations. In the operation, maintenance and control of any facilities devoted to purposes other than direct transportation purposes, the authority shall be subject to all local laws, resolutions, ordinances, rules and regulations of a municipality or political subdivision. Each municipality or political subdivision, including but not limited to a county, city, village, town or district in which any facilities of the authority are located shall provide for such facilities police, fire and health protection services of the same character and to the same extent as those provided for residents of such municipality or political subdivision.

The authority may agree with the state department of transportation for the execution by such department of any grade crossing elimination project or any grade crossing separation reconstruction project along any railroad facility operated by the authority or by one of its subsidiary corporations or under contract, lease or other arrangement with the authority. Any such project shall be executed as provided in the grade crossing elimination act and the railroad law, respectively, and the costs of any such project shall be borne as provided in such laws.

8. The authority may accept unconditional grants of money or property as subsidy payments for expansion of service into areas where such service would not be self-supporting. The authority may accept unconditional grants of money or property from any city, village, town or county not wholly contained within a city the whole or any part of which shall be served or to be served by a transportation facility
operated by the authority. Such grants of money or property would be for the purpose of assisting the authority in meeting its capital or operating expenses. The acceptance of any such grant shall not operate to make the authority an agency of the municipality making the grant. The provisions of this section are intended as enabling legislation only and shall not be interpreted as implying that absent their enactment an authority would lack the power to accept such grant or subsidy.

9. Notwithstanding any of the above provisions, no project may be undertaken by the authority unless such project is a part of or consistent with the action plan.
§ 1332-a. Restrictions. With respect to any statewide mass transportation operating assistance program established pursuant to section eighteen-a of the transportation law which by its terms makes available to the authority monies for operating expenses as mass transportation operating assistance service payments, no application therefor shall be made and no monies available under such program shall be accepted by the authority, notwithstanding the provision of any other law, unless the county legislature of any member county whose matching fund percentage for service payments under such section is at least eighty-five percent, authorizes the authority, by resolution adopted by a majority of the county legislature, to make such application.
§ 1333. Acquisition and disposition of real property. 1. In addition to the powers provided in section thirteen hundred thirty-one of this title to acquire transportation facilities, equipment and real property, the authority may acquire, by condemnation pursuant to the condemnation law and/or in accordance with the condemnation provisions of subdivision seven of this section, any real property it may deem necessary, convenient, or desirable to effectuate the purpose of this title, provided, however, that any such condemnation proceedings shall be brought only in the supreme court and the compensation to be paid shall be ascertained and determined by the court without a jury. Notwithstanding the foregoing provisions of this subdivision, no real property may be acquired by the authority by condemnation or by purchase for purposes other than a transportation facility unless the governing body of the city, village or town in which such real property is located shall first consent to such acquisition.

2. Nothing herein contained shall be construed to prevent the authority from bringing any proceedings to remove a cloud on title or such other proceedings as it may, in its discretion, deem proper and necessary or from acquiring any such property by negotiation or purchase.

3. Where a person entitled to an award in the proceedings to condemn any real property for any of the purposes of this title remains in possession of such property after the time of the vesting of title in the condemnor, the reasonable value of his use and occupancy of such property subsequent to such time as fixed by agreement or by the court in such proceedings or by any court of competent jurisdiction shall be a lien against such award subject only to the liens of record at the time of vesting of title in the condemnor.

4. Title to all property acquired under this act shall vest in the authority.

5. The authority may, whenever it determines that it is in the interest of the authority, dispose of any real property or property other than real property, which it determines is not necessary, convenient or desirable for its purposes.

6. The authority may, whenever it shall determine that it is in the interest of the authority, rent, lease or grant easements or other rights in, any land or property of the authority.

7. The authority may adopt the following condemnation procedures. A certified copy of a resolution adopted by the authority authorizing the acquisition and identifying and describing the property and franchises, if any, sought to be acquired by condemnation shall be filed in the office of the county clerk of the county in which such property is situated, held or maintained. A petition for an order vesting title to such property and franchises, if any, sought to be acquired by condemnation shall set forth a description of the said property and franchises, if any, and a prayer that title be vested in the authority, shall be presented, upon notice of the application to condemn published in five successive issues of a publication of general circulation within the county where such property and franchises, if any, are located, to a special term of the supreme court held at the time and place specified in such notice, within the judicial district in which the property being acquired or some part thereof is situated. Such proceedings shall have precedence over all other cases on the calendar of such court, any other provision of the law to the contrary notwithstanding. Upon due proof to the satisfaction of the court of the filing of the resolution as hereinafter described, such court, not later than three days after the presentation of the petition, shall thereupon enter an order vesting title to such property and franchises, if any, in the authority. Upon
such vesting of title the authority shall have the right to enter upon
and take possession of such property. A notice of such acquisition shall
be directed to the owners of the property and franchises, if any, so
acquired and to any other person or persons having an estate, interest
or easement in such property or a lien, charge or encumbrance thereon by
personal service or by registered mail at the last known address within
fifteen days after such vesting of title. Such notice shall set forth
such resolution, the date of the submission to the court, the date of
the order vesting title in such authority and such other matters as the
authority may determine.
§ 1334. Cooperation and assistance of other agencies. In the interest of economy and to promote coordination of authority projects with state, local, county and regional plans and also to carry out the objective of full participation of all agencies in the development of a transportation system and facilities to meet the objectives of this act, the authority shall request and use existing studies, master plans, surveys, data and other materials completed by or under development by any state agency or any municipality or political subdivision of the state. The authority shall consult with and cooperate with the commissioner and with planning authorities in the areas of its operations and shall utilize local or state planning. When a project is contemplated by the authority, the authority shall submit a preliminary prospectus thereof to the commissioner for review and comment and shall consider the report of the commissioner in formulating detailed plans for such project. When a project is contemplated by the authority within the jurisdiction of any county planning board or the central New York regional planning and development board, the authority shall prepare and submit to such planning board or boards a preliminary prospectus thereof, describing the purpose, general location, and nature of the project contemplated, with such further data relative thereto that the authority shall consider pertinent. Within sixty days of receipt of such prospectus such planning board or boards shall prepare a report thereon, commenting on its conformity or lack of conformity with any related official plan of the state or region or any official planning agency within the region. Such report shall be considered by the authority in formulating detailed plans for such a project. At the request of the authority, each such agency, municipality or subdivision which is engaged in highway or other transportation activities or in land use or development planning, or which is charged with the duty of providing or regulating any transportation facility or any other public facility, is further authorized to provide the authority with information regarding its plans and programs affecting the transportation district so that the authority may have available to it current information with respect thereto. The officers and personnel of such agencies, municipalities or subdivisions, and of any other government or agency whatever, may serve at the request of the authority upon such advisory committees as the authority shall determine to create and such officers and personnel may serve upon such committees without forfeiture of office or employment and with no loss or diminution in the compensation, status, rights and privileges which they otherwise enjoy.
§ 1335. Notes and bonds of the authority. 1. (a) The authority shall have power and is hereby authorized from time to time to borrow money and issue its negotiable bonds and notes in such principal amount, as, in the opinion of the authority, shall be necessary to provide sufficient funds for achieving its purposes, including the acquisition, establishment, construction, effectuation, operation, maintenance, renovation, improvement, extension or repair of any transportation facility, the payment of interest on bonds and notes of the authority, establishment of reserves to secure such bonds and notes, the provision of working capital and all other expenditures of the authority and its subsidiary corporations incident to and necessary or convenient to carry out their purposes and powers;

(b) The authority shall have power, from time to time, to issue renewal notes, to issue bonds to pay notes and whenever it deems refunding expedient, to refund any bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and to issue bonds partly to refund bonds then outstanding and partly for any other purposes. The refunding bonds shall be sold and the proceeds applied to the purchase, redemption or payment of the bonds to be refunded;

(c) Except as may otherwise be expressly provided by the authority, every issue of its notes or bonds shall be general obligations of the authority payable out of any revenues or moneys of the authority, subject only to any agreements with the holders of particular notes or bonds pledging any particular receipts or revenues;

(d) Whether or not the notes or bonds are of such form and character as to be negotiable instruments under article eight of the uniform commercial code, the notes or bonds shall be and hereby are made negotiable instruments within the meaning of and for all the purposes of article eight of the uniform commercial code, subject only to the provisions of the notes or bonds for registration.

2. The notes and bonds shall be authorized by resolution approved by not less than a majority of the whole number of members of the authority then in office, shall bear such date or dates, and shall mature at such time or times, as specified therein and in the case of any such bond not exceeding fifty years from the date of issue, as such resolution or resolutions may provide. The notes and bonds shall bear interest at such rate or rates, be in such denominations, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment, at such place or places and be subject to such terms of redemption as such resolution or resolutions may provide. The notes and bonds of the authority may be sold by the authority, at public or private sale, at such price or prices as the authority shall determine. No notes or bonds of the authority may be sold by the authority at private sale, however, unless such sale and the terms thereof have been approved in writing by (a) the comptroller, where such sale is not to the comptroller, or (b) the director of the budget where such sale is to the comptroller.

3. Any resolution or resolutions authorizing any notes or bonds or any issue thereof may contain provisions, which shall be a part of the contract with the holders thereof, as to:

(a) pledging all or any part of the fares, tolls, rentals, rates, charges and other fees made or received by the authority or any of its subsidiary corporations, and other moneys received or to be received, to secure the payment of the notes or bonds or of any issue thereof, subject to such agreements with bondholders or noteholders as may then exist;

(b) pledging all or any part of the assets of the authority or of any of its subsidiary corporations to secure the payment of the notes or
bonds or of any issue of notes or bonds, subject to such agreements with noteholders or bondholders as may then exist;
(c) the use, and disposition of fares, tolls, rentals, rates, charges and other fees made or received by the authority or any of its subsidiary corporations;
(d) the setting aside of reserves or sinking funds and the regulation and disposition thereof;
(e) limitations on the purpose to which the proceeds of sale of notes or bonds may be applied and pledging such proceeds to secure the payment of the notes or bonds or of any issue thereof;
(f) limitations on the issuance of additional notes or bonds; the terms upon which additional notes or bonds may be issued and secured; the refunding of outstanding or other notes or bonds;
(g) the procedure, if any, by which the terms of any contract with noteholders or bondholders may be amended or abrogated, the amount of notes or bonds the holders of which must consent thereto, and the manner in which such consent may be given;
(h) limitations on the amount of moneys to be expended by the authority or any of its subsidiary corporations for operating, administrative or other expenses of the authority or any of its subsidiary corporations;
(i) vesting in a trustee or trustees such property, rights, powers and duties in trust as the authority may determine, which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to this title, and limiting or abrogating the right of the bondholders to appoint a trustee under this article or limiting the rights, powers and duties of such trustee;
(j) any other matters, of like or different character, which in any way affect the security or protection of the notes or bonds.

4. In addition to the powers herein conferred upon the authority to secure its notes and bonds, the authority shall have power in connection with the issuance of notes and bonds to enter into such agreements as the authority may deem necessary, convenient or desirable concerning the use or disposition of its moneys or property or the moneys or property of any of its subsidiary corporations, including the mortgaging of any such property and the entrusting, pledging or creation of any other security interest in any such moneys or property and the doing of any act (including refraining from doing any act) which the authority would have the right to do in the absence of such agreements. The authority shall have power to enter into amendments of any such agreements within the powers granted to the authority by this title and to perform such agreements. The provisions of any such agreements may be made part of the contract with the holders of the notes and bonds of the authority.

5. It is the intention hereof that any pledge, mortgage or security instrument made by the authority shall be valid and binding from the time when the pledge, mortgage or security instrument is made; that the moneys or property so pledged, mortgaged and entrusted and thereafter received by the authority shall immediately be subject to the lien of such pledge, mortgage or security instrument without any physical delivery thereof or further act; and that the lien of any such pledge, mortgage or security instrument shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any mortgage, security instrument or other instrument by which a pledge, mortgage lien or other security is created need be recorded or filed and the authority shall not be required to comply with any of the provisions of the uniform commercial code.
6. Neither the members of the authority nor any person executing the notes or bonds shall be liable personally on the notes or bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

7. The authority, subject to such agreements with noteholders or bondholders as may then exist, shall have power out of any funds available therefor to purchase notes or bonds of the authority, which shall thereupon be cancelled, at a price not exceeding (a) if the notes or bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date thereon, or (b) if the notes or bonds are not then redeemable, the redemption price applicable on the first date after such purchase upon which the notes or bonds become subject to redemption plus accrued interest to such date.

8. The state shall not be liable on notes or bonds of the authority and such notes and bonds shall not be a debt of the state, and such notes and bonds shall contain on the face thereof a statement to such effect.
§ 1336. Reserve funds and appropriations. 1. The authority may create and establish one or more reserve funds to be known as debt service reserve funds and may pay into such debt service reserve funds (a) any moneys appropriated and made available by the state for the purposes of such funds, (b) any proceeds of sale of notes or bonds to the extent provided in the resolution of the authority authorizing the issuance thereof, and (c) any other moneys which may be made available to the authority for the purpose of such funds from any other source or sources. The moneys held in or credited to any debt service reserve fund established under this section, except as hereinafter provided, shall be used solely for the payment of the principal of bonds of the authority secured by such debt service reserve fund as the same mature, the purchase of such bonds of the authority, the payment of interest on such bonds of the authority or the payment of any redemption premium required to be paid when such bonds are redeemed prior to maturity; provided, however, that the authority shall have power to provide that moneys in any such fund shall not be withdrawn therefrom at any time in such amount as would reduce the amount of such fund to less than the maximum amount of principal and interest maturing and becoming due in any succeeding calendar year or years not exceeding two such years on the bonds of the authority then outstanding and secured by such debt service reserve fund, except for the purpose of paying principal of and interest on such bonds of the authority secured by such debt service reserve fund maturing and becoming due and for the payment of which other moneys of the authority are not available. Any income or interest earned by, or increment to, any such debt service reserve fund due to the investment thereof may be transferred by the authority to any other fund or account of the authority and the authority shall have power to provide that any such transfer shall not reduce the amount of such debt service reserve fund below the maximum amount of principal and interest maturing and becoming due in any succeeding calendar year or years not exceeding two such years on all bonds of the authority then outstanding and secured by such debt service reserve fund.

2. The authority shall have power to provide that it shall not issue bonds at any time if the maximum amount of principal and interest maturing and becoming due in any succeeding calendar year or years not exceeding two such years on the bonds outstanding and then to be issued and secured by a debt service reserve fund will exceed the amount of such debt service reserve fund at the time of issuance, unless the authority, at the time of the issuance of such bonds, shall deposit in such debt service fund from the proceeds of the bonds so to be issued, or otherwise, an amount which, together with the amount then in such debt service reserve fund, will be not less than the maximum amount of principal and interest maturing and becoming due in any such succeeding calendar year or years not exceeding two such years on the bonds then to be issued and on all other bonds of the authority then outstanding and secured by such debt service reserve fund.

3. In computing the amount of any debt service reserve fund for the purposes of this section, securities in which all or a portion of such fund shall be invested shall be valued at par, or if purchased at less than par, at their cost to the authority.
§ 1337. Agreement of the state. The state does hereby pledge to and agree with the holders of any notes or bonds issued under this title, that the state will not limit or alter the rights hereby vested in the authority to fulfill the terms of any agreements made with the holders thereof, or in any way impair the rights and remedies of such holders until such notes or bonds, together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses for which the authority is liable in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. The authority is authorized to include this pledge and agreement of the state in any agreement with the holders of such notes or bonds.
§ 1338. Right of state to require redemption of bonds. Notwithstanding and in addition to any provisions for the redemption of bonds which may be contained in any contract with the holders of the bonds, the state may, upon furnishing sufficient funds therefor, require the authority to redeem, prior to maturity, as a whole, any issue of bonds on any interest payment date not less than twenty years after the date of the bonds of such issue at one hundred five per centum of their face value and accrued interest or at such lower redemption price as may be provided in the bonds in case of the redemption thereof as a whole on the redemption date. Notice of such redemption shall be published in at least two newspapers published and circulating in the counties of the transportation district, at least twice, the first publication to be at least thirty days before the date of redemption.
§ 1339. Remedies of noteholders and bondholders. 1. In the event that
the authority shall default in the payment of principal of or interest
on any issue of notes or bonds after the same shall become due, whether
at maturity or upon call for redemption, and such default shall continue
for a period of thirty days, or in the event that the authority shall
fail or refuse to comply with the provisions of this title or shall
default in any agreement made with the holders of any issue of notes or
bonds, the holders of twenty-five per centum in aggregate principal
amount of the notes or bonds of such issue then outstanding, by
instrument or instruments filed in the office of the clerk of any county
in which the authority operates and has an office and proved or
acknowledged in the same manner as a deed to be recorded, may appoint a
trustee to represent the holders of such notes or bonds for the purposes
herein provided.

2. Such trustee may, and upon written request of the holders of
twenty-five per centum in principal amount of such notes or bonds then
outstanding shall, in his or its own name:
   (a) by suit, action or proceeding in accordance with the civil
   practice law and rules, enforce all rights of the noteholders or
   bondholders, including the right to require the authority to collect
   fares, tolls, rentals, rates, charges and other fees adequate to carry
   out any agreement as to, or pledge of, such fares, tolls, rentals,
   rates, charges and other fees and to require the authority to carry out
   any other agreements with the holders of such notes or bonds and to
   perform its duties under this title;
   (b) bring suit upon such notes or bonds;
   (c) by action or suit, require the authority to account as if it were
   the trustee of an express trust for the holders of such notes or bonds;
   (d) by action or suit, enjoin any acts or things which may be unlawful
   or in violation of the rights of the holders of such notes or bonds;
   (e) declare all such notes or bonds due and payable, and if all
   defaults shall be made good, then, with the consent of the holders of
   twenty-five per centum of the principal amount of such notes or bonds
   then outstanding, to annul such declaration and its consequences.

3. Such trustee shall in addition to the foregoing have and possess
all of the powers necessary or appropriate for the exercise of any
functions specifically set forth herein or incident to the general
representation of bondholders or noteholders in the enforcement and
protection of their rights.

4. The supreme court shall have jurisdiction of any suit, action or
proceedings by the trustee on behalf of such noteholders or bondholders.
The venue of any such suit, action or proceeding shall be laid in the
county in which the instrument or instruments are filed in accordance
with subdivision one of this section.

5. Before declaring the principal of notes or bonds due and payable,
the trustee shall first give thirty days' notice in writing to the
governor, to the authority, to the comptroller and to the attorney
general of the state.
§ 1340. Notes and bonds as legal investment. The notes and bonds of the authority are hereby made securities in which all public officers and bodies of the state and all municipalities and political subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, all administrators, guardians, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or who may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest funds including capital in their control or belonging to them. Notwithstanding any other provisions of law, the bonds of the authority are also hereby made securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and political subdivisions for any purpose for which the deposit of bonds or other obligations of the state is now or may hereafter be authorized.
§ 1341. Exemption from taxation. It is hereby found, determined and declared that the creation of the authority and the carrying out of its purposes is in all respects for the benefit of the people of the state of New York and for the improvement of their health, welfare and prosperity and is a public purpose, and that the authority will be performing an essential governmental function in the exercise of the powers conferred upon it by this title. Without limiting the generality of the following provisions of this section, property owned by the authority and used for transportation purposes, property leased by the authority and used for transportation purposes, and property used for transportation purposes by or for the benefit of the authority exclusively pursuant to the provisions of a joint service arrangement or of a joint facilities agreement or trackage rights agreement shall all be exempt from taxation and special ad valorem levies. The authority shall be required to pay no fees, taxes or assessments, whether state or local, except special benefit assessments if said property is located in a special benefit district, including but not limited to fees, taxes or assessments on real estate, franchise taxes, sales taxes or other excise taxes, upon any of its property, or upon the uses thereof, or upon its activities in the operation and maintenance of its facilities or on any fares, tolls, rentals, rates, charges or other fees, revenues or other income received by the authority and the bonds of the authority and the income therefrom shall at all times be exempt from taxation, except for gift and estate taxes and taxes on transfers. This section shall constitute a covenant and agreement with the holders of all bonds issued by the authority. The terms "taxation" and "special ad valorem levy" shall have the same meanings as defined in section one hundred two of the real property tax law and the term "transportation purposes" shall have the same meaning as used in titles two-a and two-b of article four of such law.
§ 1342. Actions against the authority. 1. As a condition to the consent of the state to such suits against the authority, in every action against the authority for damages, for injuries to real or personal property or for the destruction thereof, or for personal injuries or death, the complaint shall contain an allegation that at least thirty days have elapsed since the demand, claim or claims upon which such action is founded were presented to a member of the authority or other officer designated for such purpose and the authority has neglected or refused to make an adjustment or payment thereof.

2. An action against the authority founded on tort, except an action for wrongful death, shall not be commenced more than one year after the cause of action therefor shall have accrued, nor unless a notice of claim shall have been served on the authority within the time limited by and in compliance with all the requirements of section fifty-e of the general municipal law. An action against the authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

3. The authority shall be liable, and shall assume the liability to the extent that it shall save harmless any duly appointed officer or employee of the authority, for the negligence of such officer or employee, in the operation of a vehicle or other facility of transportation owned or otherwise under the jurisdiction and control of the authority in the discharge of a duty imposed upon such officer or employee at the time of the accident, injury or damages complained of, while otherwise acting in the performance of his duties and within the scope of his employment.

4. The authority may require any person, presenting for settlement an account or claim for any cause whatever against the authority, to be sworn before a member, counsel or an attorney, officer or employee of the authority designated for such purpose, concerning such account or claim and when so sworn to answer orally as to any facts relative to such account or claim. The authority shall have power to settle or adjust all claims in favor of or against the authority.

5. The rate of interest to be paid by the authority upon any judgment for which it is liable shall not exceed four per centum per annum.

6. The provisions of this section which relate to the requirement for service of a notice of claim shall not apply to a subsidiary corporation of the authority. In all other respects, each subsidiary corporation of the authority shall be subject to the provisions of this section as if such subsidiary corporation were separately named herein, provided, however, that a subsidiary corporation of the authority which is a stock corporation shall not be subject to the provisions of this section except with respect to those causes of action arising on and after the first of the twelfth calendar month following that calendar month in which such stock corporation becomes a subsidiary corporation of the authority.
§ 1343. Agreements relating to payment in lieu of taxes. To the end that municipal corporations, counties and school districts may not suffer undue loss of taxes or assessments:

If the authority acquires property for non-transportation purposes (e.g. for future transportation purposes but not to be so used immediately) the authority except as hereinafter provided, shall pay to the participating county and/or city, town or school district where the property is located, annually, in lieu of taxes, a sum equal to the sum last paid as taxes upon the property prior to the time of its acquisition by the authority. Should such property be subsequently developed and improved but still remain unused for transportation purposes, it shall during such period of disuse for transportation be subject to assessment, at the prevailing method of determining assessments, by the county and/or city and/or school district and the authority shall, based on such assessment, annually, in lieu of taxes, pay to the county and/or city and/or school district an amount fixed by it.

If the authority acquires property for transportation purposes but subsequently uses such property for non-transportation purposes, then the authority shall be required, except as hereinafter provided, to pay annually in lieu of taxes to the participating county and/or city and/or school district wherein such property is located, an amount equal to the sum which the said county and/or city and/or school district would ordinarily be imposed as taxes, pursuant to the prevailing method of determining assessments.

Properties acquired by the authority for transportation and used as such, shall not be subject to the payment of any taxes except that the authority shall pay such property special benefit assessments on the property if it is located in an existing special benefit district.
