

NOTICE

Black Lives Matter.

Racial injustice, in any form and in every place, must be addressed and stopped. We agree these problems must be solved. We must work harder to listen, discuss, and understand our neighbors so our community will be successful in resolving racial injustice.

The Central New York Regional Transportation Authority (Centro) was created to provide public bus service to all citizens of Central New York. Our transit system provides access to jobs and opportunities for people of all colors, backgrounds, and faiths. We are proud of the service Centro has provided for nearly 50 years to help our community grow.

We are committed to being part of the solution and this starts with the clear and forceful acknowledgement that **Black Lives Matter.**
