A MESSAGE TO OUR CALL-A-BUS CUSTOMERS

Due to the current events surrounding COVID-19, Centro Call-A-Bus has been working diligently to ensure the safest ride possible for all of our Call-A-Bus customers. Although Call-A-Bus is a ride-share program, we are currently striving to limit the amount of contact our customers encounter with each other and with their drivers. Below are some of the current changes we have made to our program, until further notice, to ensure maximum safety and limited contact:

- All drivers are provided with gloves and hand sanitizer to enhance the safety of everyone.
- On Centro Call-A-Buses, the front seats are to be considered “out of service” and not to be used. This will allow for ample social distancing space between the passengers and the driver.
- On vendor vehicles (Bluechip, Aladdin, Bandid, etc.), the goal is to have no customer sitting in the front seat in the vans or cars. In every possible situation, customers who typically require such seating are being provided a different type of vehicle to accommodate their needs in order to ensure social distancing.
- Call-A-Bus is limiting the number of passengers in all vehicles as much as possible. Many rides will be scheduled as direct trips with no other pick-ups or drop offs in between. Please keep in mind, there may be instances which will require you to ride with other passengers in a vehicle. Call-A-Bus is doing its best to limit these occurrences and to allow for direct trips.
