COVID-19 UPDATE

Syracuse, NY – Three Centro Bus Operators have recently tested positive for COVID-19. Each employee is a Syracuse Bus Operator. One last worked on November 10, 2020. A second last worked on November 13, 2020. A third last worked November 18, 2020. All three wore masks while operating their respective buses.

We are working with the Onondaga County Health Department on their investigation and, at their direction, have notified Centro employees of this positive test. The Health Department is working to identify those individuals who may have been exposed and is contacting them to place them under quarantine.

The first Bus Operator drove the following routes:
