

CORTLAND SERVICE

EXPERIMENTAL SERVICE CHANGES

Starting March 2, we're making updates to improve reliability, travel times, and connections across several routes. These changes are part of an experimental route update based on rider feedback, driver input, and internal review and will be evaluated for their effectiveness before becoming permanent.

COR 1-4

STARTING MARCH 2, 2026

STREAMLINED SERVICE

- Looping segments removed
- Service maintained to popular origins & destinations
- Routes streamlined away from low-ridership areas

FASTER TRIP TIMES

- Travel time improved from 45 to 40 minutes

INCREASED TRIPS

- Two additional round trips per day on each route
