

How to find a Stop ID # using Bus Tracker

- 1 Stop Selection Menu**
Select your agency, route, direction of travel, and bus stop in these four dropdown boxes.
- 2 Selected View**
If the box is checked, the estimated arrival times for all buses serving the stop will be shown.
- 3 Selected Stop**
This section displays the name of the stop that is currently selected. The area below will display any service bulletin.
- 4 Stop ID Number**
The Stop ID will appear once a route, direction of travel, and stop is selected.
- 5 Map Button**
This section displays the route and destination of buses bound for the selected stop on an interactive map.
- 6 Service Alerts / Detours**
This section displays any active Alerts associated with the selected route.
- 7 Routes / Destinations**
This section displays the route and destination of buses bound for the selected stop.
- 8 Estimated Arrivals / Approaching**
This section will display the estimated arrival times and buses bound for the selected stop. Remember to allow time to get to your bus stop. The estimated time of arrival (ETA) is displayed over the bus number. If there is no bus number, it is implied that the time is actually a scheduled time, not an ETA. A bus with an arrival time of "Approaching" is typically less than 2 minutes from a selected stop.

The screenshot shows the Centro Bus Tracker interface. At the top, the logo 'centro Bus Tracker' is displayed. Below it, there are four dropdown menus for selection: 'SELECT AGENCY: Syracuse and SU', 'FIND BY STOP #: 7755', 'OR 1. SELECT ROUTE: Sy50 - Destiny USA', '2. SELECT DIRECTION: FROM HUB', and '3. SELECT STOP: Destiny USA'. A 'Find' button is next to the stop number. A checkbox 'SHOW ALL VEHICLES FOR THIS STOP' is checked. A 'Map' button is on the right. Below these are service alerts: 'Destiny USA (FROM HUB) 2:45 PM' and '440 GAME DAY EXPRESS Starts 9/8 Update the GoCentroBus App Today'. A table shows routes and destinations, and a section for estimated arrivals. The bottom of the page includes a help icon, copyright information, and the 'powered by Clever Devices' logo.
