

Public Hearing Sy 84 Mattydale – Airport Service Changes

Burnham Park- August 13, 2024

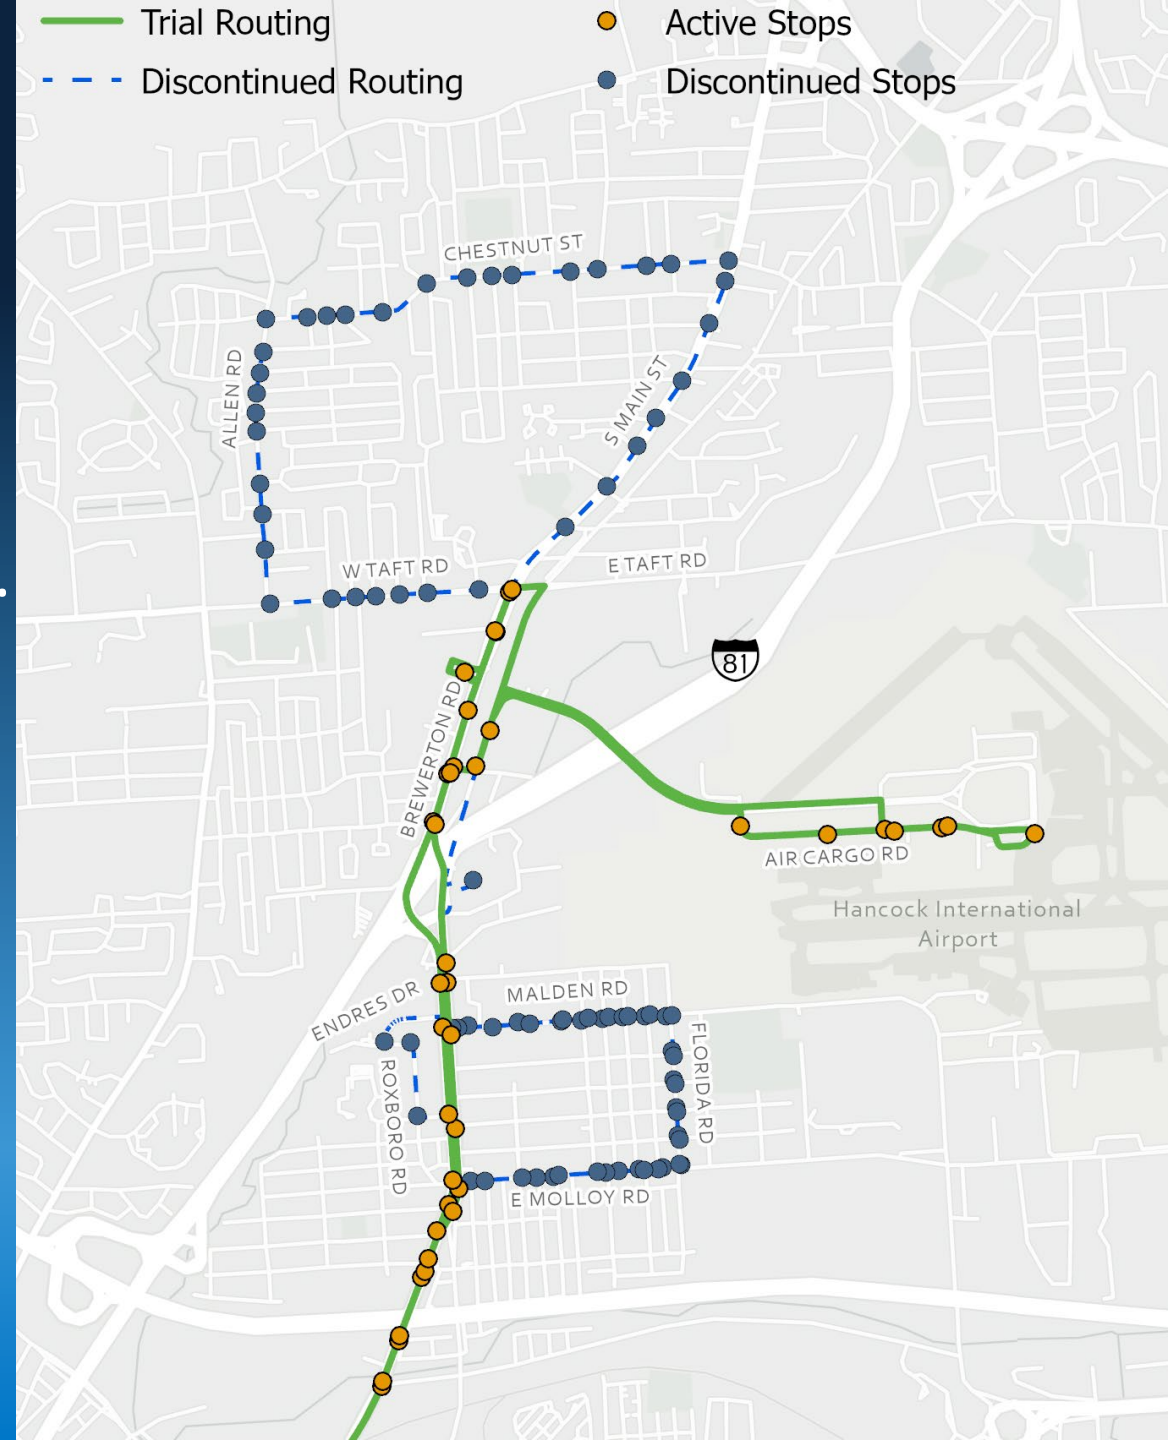

Trial Service Change on Sy 84

- Added service to Hancock International Airport, our most requested location for service.
- Discontinued deviations into neighborhoods by staying on Route 11 between N. Salina St. and Lawrence Rd. in N. Syracuse.

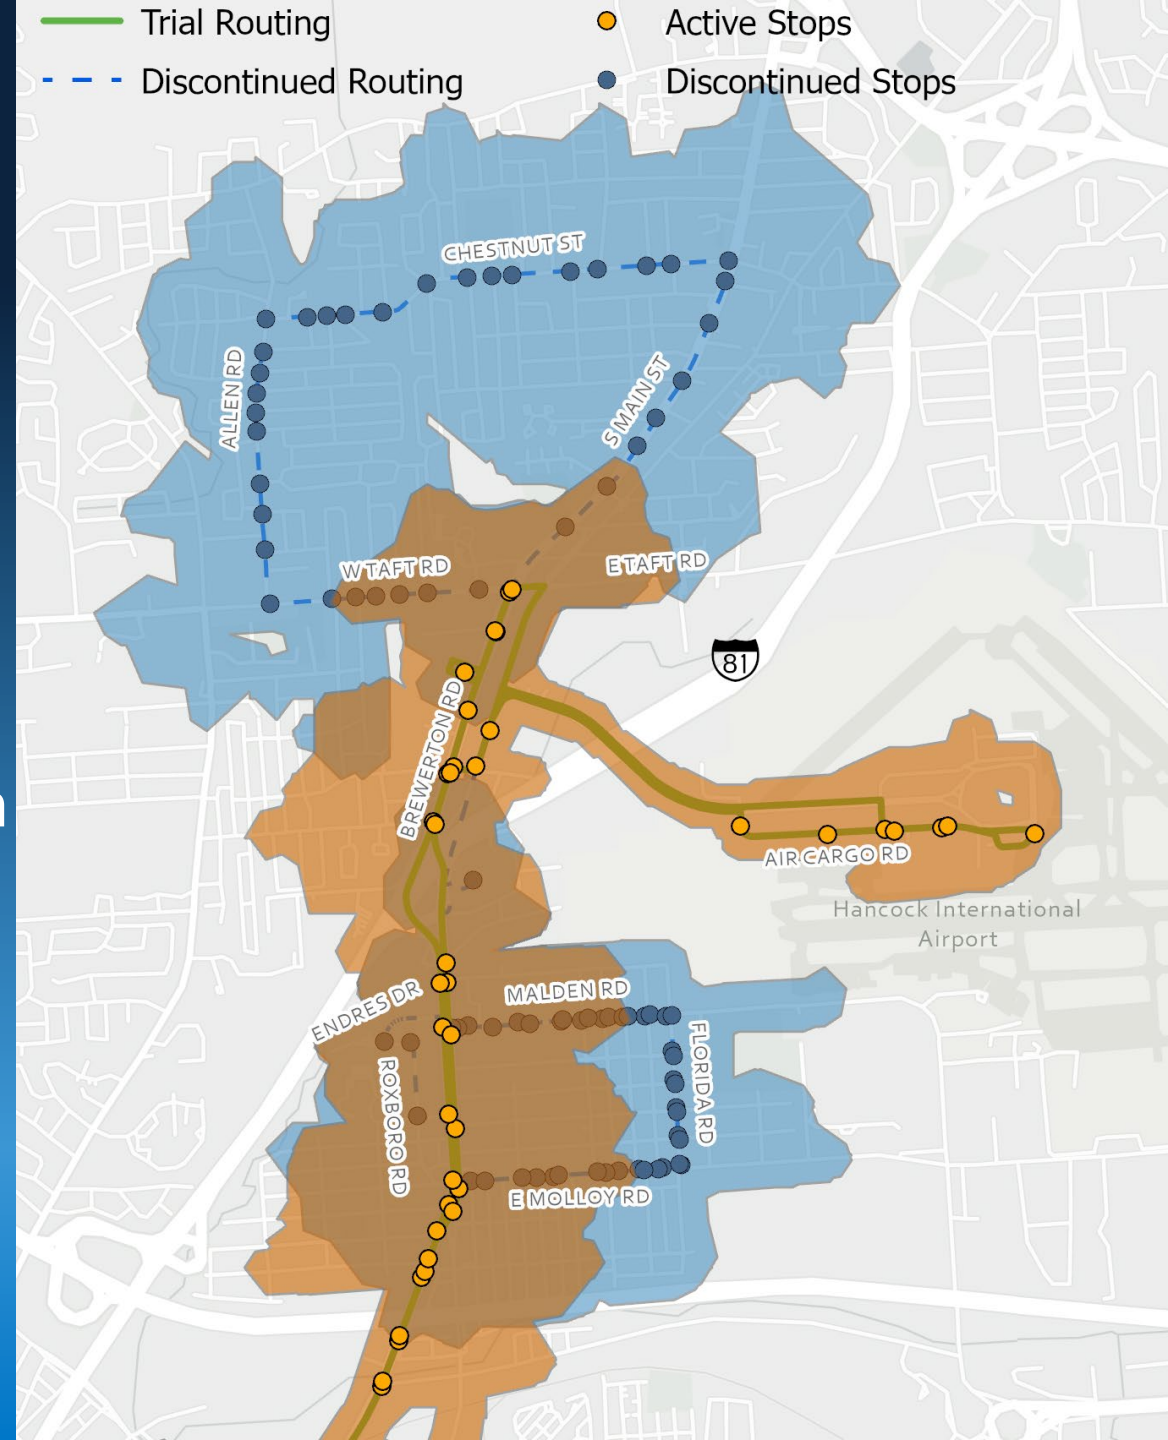

Major Service Change

- The bus route was altered by more than 25%.
- Constitutes a Major Service Change
- A Service Equity Analysis is required per Title VI of the Civil Rights Act of 1964.
- Identified stops where bus service no longer passes directly by

Compare Walking Areas

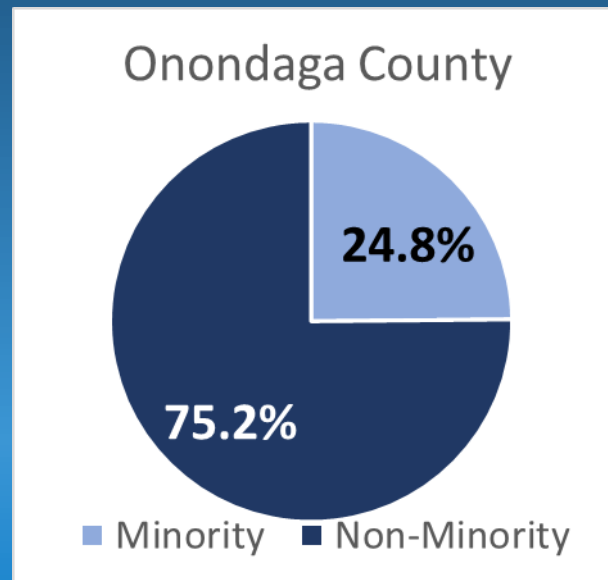

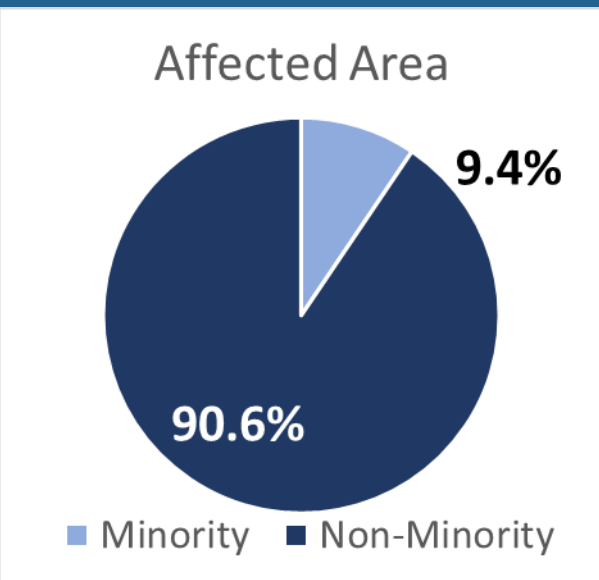

- Calculated a one-half mile walk area from each stop
- Indicates the furthest walkable distance from a stop per Centro standards
- Determined which areas are no longer served by a stop within one-half of a mile

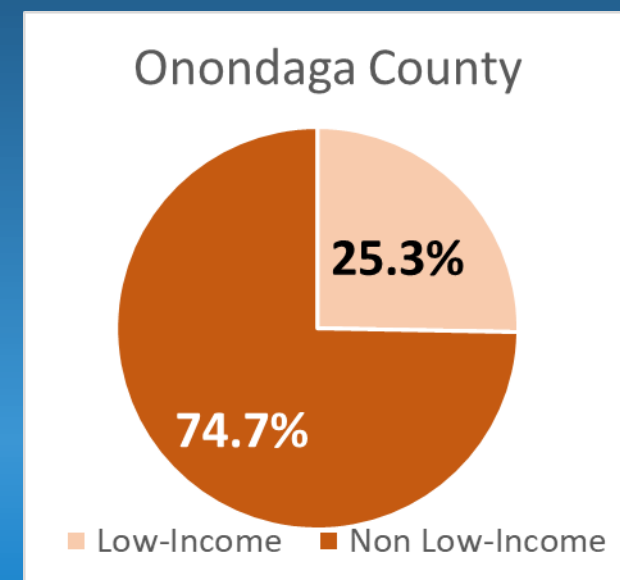

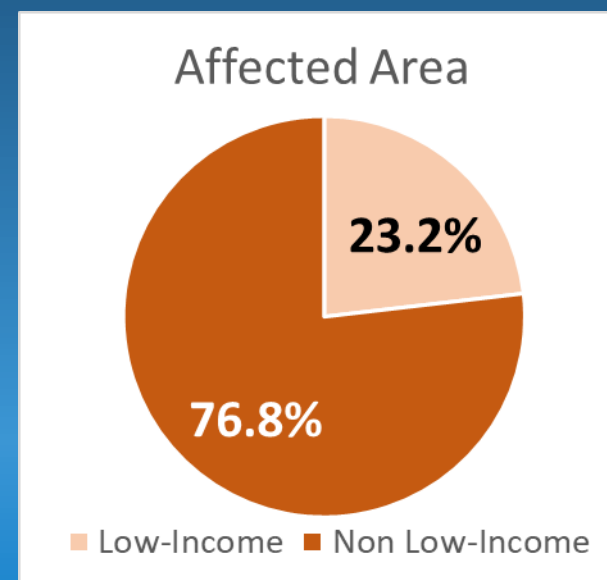

Service Equity Analysis

Compared the affected area to county threshold. Impacts are less than 20%.

Minority Impact = -15.4%

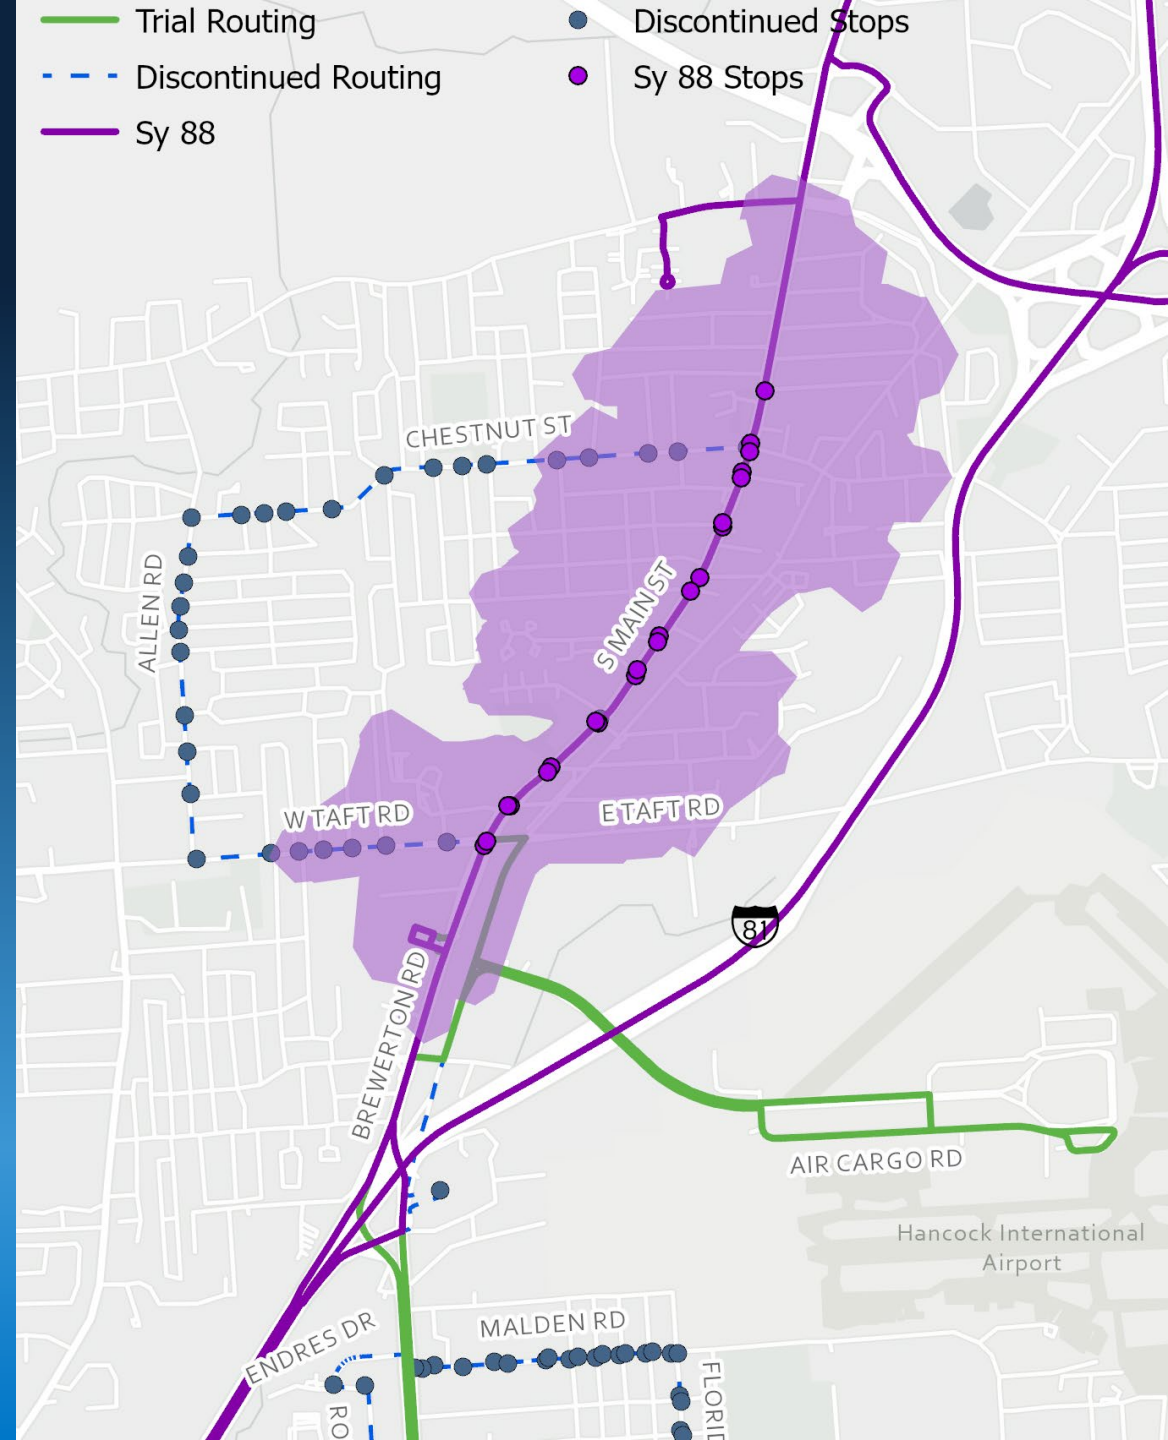

Low-Income Impact = -2.1%

Minority and Low-Income persons are not disproportionately affected.

Sy 88 Walking Area and Affected Stops

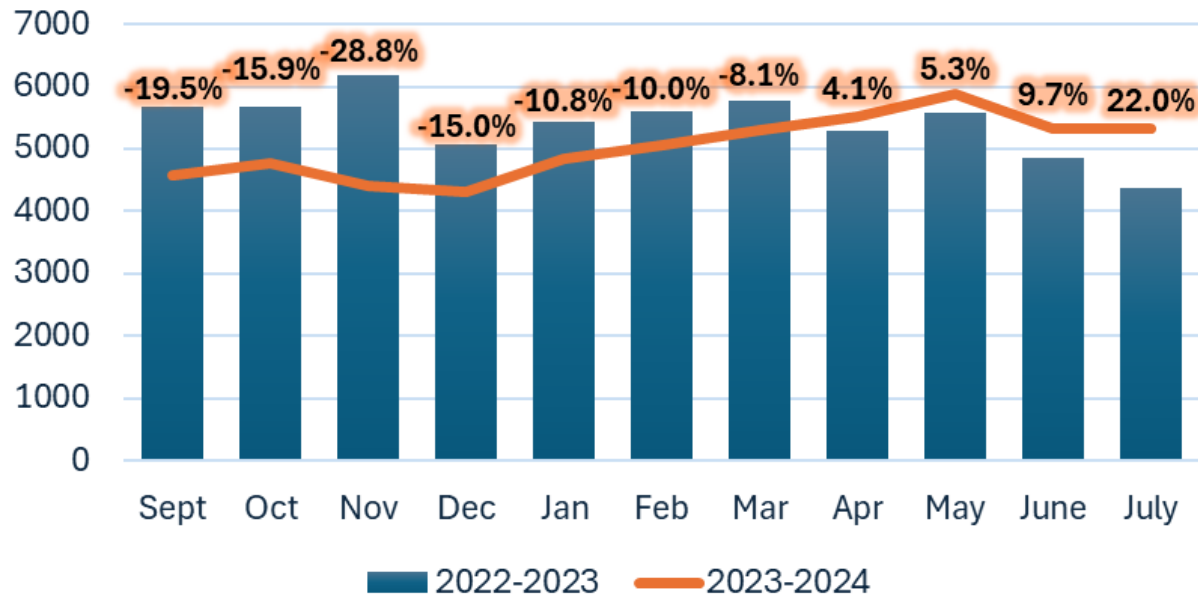

- Sy 88 North Syracuse – Central Square line continues to serve stops on Rt. 11 between Taft Rd. and Chestnut St.

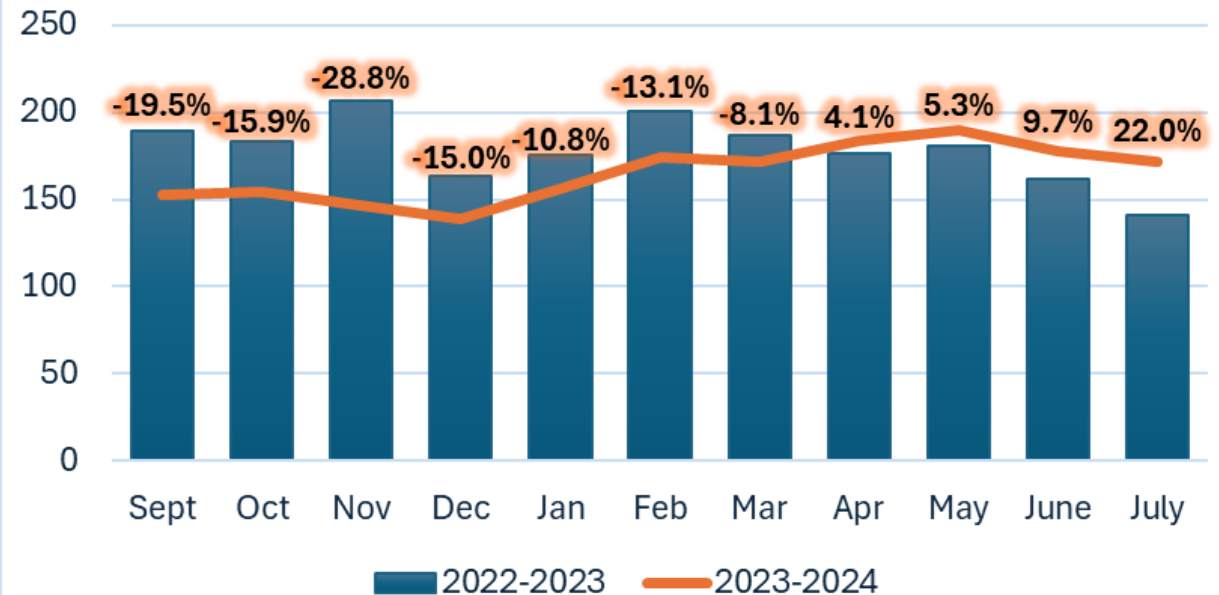

Ridership Analysis

- Malden/Molloy area boardings = 8 per day (down from 9)
- Airport boardings = 6+/- per day Airport alightings = 8+/- per day
- Ridership is increasing compared to previous years.

Sy 84 & Sy 88 Total Rides

Sy 84 & Sy 88 Rides Per Day

Benefits of Service Change

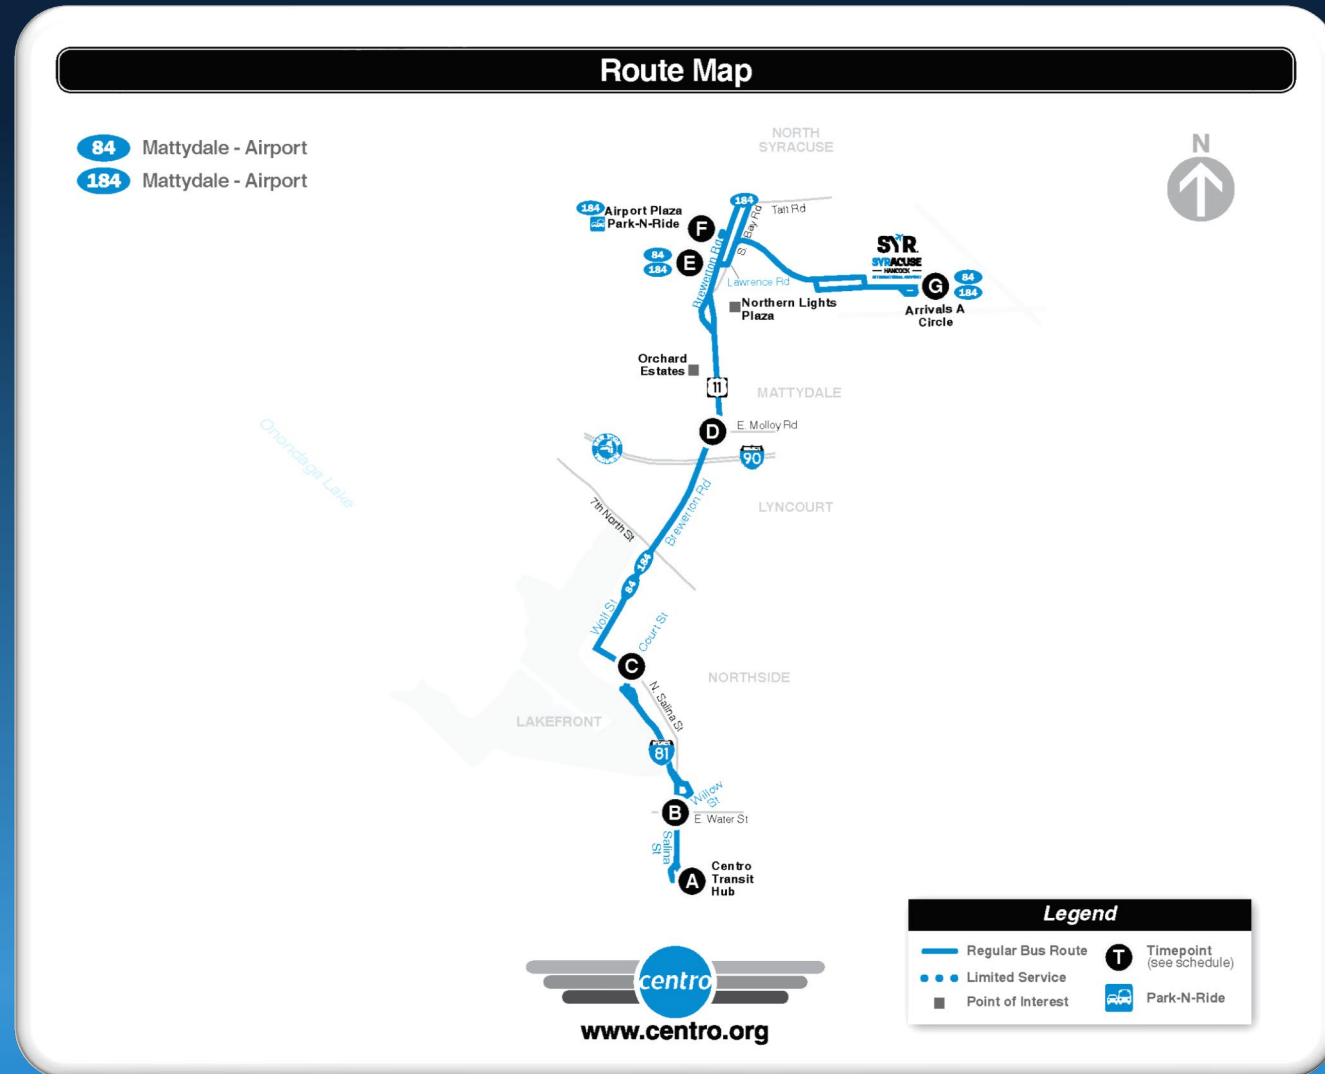

The modified routing provides:

- consistent and reliable service,
- opportunities for transit dependent residents to safely and affordably travel to/from the airport,
- access to additional employers along Air Cargo Road.

Next Steps

- Board of Members Approval of service change
- Adding an additional weekday round trip from downtown to the Airport starting September 3
- Consider community feedback for future service improvements as we work toward a system redesign
